

Agnostics Anonymous, 27th January 2026

We welcome as our speaker at the first meeting for 2026, Dr Kathryn Wills.

Kathryn is an associate member of the Las Casas Institute for Social Justice, based at Blackfriars Hall, Oxford.

She says, “I am an academic specialising in the study of Literature and Theology and I have been writing about it for a while, especially in the field of modern poetry. [In my talk to Agnostics Anonymous] I will be exploring what kinds of truth might be found in literature and theology, particularly relevant as we have just been doing a consideration of truth in the Bible and science.”
